

## LIFE INFODAY – June 8th 2017

The Romanian Ministry of Environment, LIFE National Contact Point (NCP), will hold the “LIFE Infoday” event on Thursday, June 8th 2017 (9h30), at the Botanical Garden in Bucharest.

The organizers and guest speakers plan to communicate useful information (best practices from completed and ongoing projects, financial and technical project management, submission process) about the LIFE programme to relevant stakeholders, local authorities, the public and the media.

This year’s edition is all the more special as 2017 marks the 25th anniversary of the LIFE programme and of the EU Habitats Directive, both approved on May 21st 1992. The event will therefore also inform people about the considerable achievements of EU nature legislation and the LIFE programme throughout the past quarter-century.
