Ref: EIA procedure for the investment project „Decomissioning of Units 1 to 4 at Kozloduy NPP”

**Dear Ms. Iskra MIHAYLOVA,**

Regarding the EIA procedure for the investment proposal for „Decomissioning of Units 1 to 4 at Kozloduy NPP” and your letter No.OBOC-289/10.09.2013 by which you provided your answers to the comments and observations of the Romanian authorities on the EIA Report, we wish to inform you that we have no additional observations on that.

The comments of the Romanian authorities to the EIA Report were transmitted to you along with the letter no. 3037/RP/06.08.2013.

The Local Environmental Protection Agency of Dolj County made available the EIA Report to all local authorities and to the public, for comments; the EIA Report was available to the public for 20 working days, but we received no comments or observations.

Folowing that we consider that a public hearing regarding this project is not necessary. We consider this approach because we are also involved in two other projects developed at Kozloduy, one being the transboundary EIA procedure for the new Nuclear Power Plant for which a public hearing will be considered compulsory.

**Ms. Iskra MIHAYLOVA**  
**Minister**  
**Ministry of Environment and Water, Republic of Bulgaria**

Also, we would like to ask you to include the following conditions in your final decision for the above mentioned project:

- Directly informing the Romanian local authorities situated in the impact area of the Kozloduy site and supplying during the initial phase of an accident, the recommendations for the protection of the population, in the same conditions as these are performed by the Kozloduy NPP for the Bulgarian local population, for each accident occurred on Kozloduy site, including for any accident resulted during the decommissioning of Kozloduy NPP Units 1 – 4;
- Periodically informing the Romanian authorities, within the aim of informing the local population, on the monitoring results for the impact area of the Kozloduy site.

I am taking the opportunity to express our readiness to continue our fruitful cooperation and please accept, Ms. Minister, the assurance of my highest consideration and esteem.

**Yours sincerely,**

**Rovana PIUMB  
MINISTER**
